

INTRODUCING CENTURY'S

Portfolio Management Group

Century's Portfolio Management Group (PMG) is an additional tool developed to help manage your Century P & C Binding book!

Century's PMG is a dedicated team of underwriters who work with our agency partners to maintain profitability and increase growth of your Century binding book by evaluating:

- Agency Binding Portfolios
- Individual Policy Files
- Class of Business/Line of Business Performance
- Adherence to EUM guidelines

The group's findings are shared with you in a joint meeting by both the PMG and brokerage team; this collaboration gives you the opportunity to review and address any potential concerns, as well as, collaborate on best practices moving forward. **In addition, we believe this will help reduce the number of touchpoints needed on your binding policies.**

The PMG team is not assigned to specific agencies so you may see correspondence from any of the team members listed below or [click here for the online directory.](#)

In the coming weeks we'll be sending more in-depth details about Century's PMG and how we can help you. **In the meantime, feel free to reach out to one of the team members below with your PMG questions!**
